

6th

International Conference on Nanostructures

ICNS6

7-10 March
2016, Kish Island- Iran

Low-dimensional Nanostructures
 Carbon-based Nanostructures
 Bulk Nanostructured Materials
 Nanobiomaterials and Nanomedicine
 Nanostructures for Electronics, Photonics and Plasmonics
 Nanosensors and Nanobiosensors
 Nanomagnetism and Spintronics
 Nanomaterials for Water and Environment
 Nanomaterials for Energy Conversion and Storage
 Advanced Fabrication and Characterization Methods
 Standardization, Commercialization, Risk Assessment and Ethics

Important Dates

30 Sep 2015
 Deadline for abstract submission
 21 Oct 2015
 Deadline for late poster submission
 07 Jan 2016
 Full Registration
 20 Jan 2016
 Late Registration

Organized by:

Institute for Nanoscience & Nanotechnology, Sharif University of Technology

Supported by:

Iran Nanotechnology Initiative Council (INIC)

Iranian Vice Presidency of Science and Technology

International Campus-Kish Island Sharif University of Technology

Iranian Nanotechnology Society

The Physics Society of Iran

Iranian National Commission for UNESCO

Iranian Society of Nanomedicine

Center of Excellence in Nanostructures

Sponsored by:

Presidency of Islamic Republic of Iran National Elites Foundation

Kish Free Zone Organization

Golrang Industrial Group

Institute for Nanoscience & Nanotechnology (INST), Sharif University of Technology, Tehran, Iran
